**ALL OUR RELATIONS**

In the Sun I see my Father  
In the Moon I see my Mother  
In the Earth I feel their heartbeat, all day long, all night long

*CHORUS*  
*All day long, all night long*  
*All day long, all night long*  
*In the Earth I feel their heartbeat, all day long, all night long*

In the clouds I see my Sisters  
In the trees I see my Brothers  
In the Earth I feel their heartbeat, all day long, all night long

*CHORUS*

In the birds I see my Aunties  
In the beasts I see my Uncles  
In the Earth feel their heartbeat, all day long, all night long

*CHORUS*

In the rocks I see my Father  
In the hills I see my Mother  
In the Earth I feel their heartbeat, all day long, all night long

*CHORUS*

In the stars I see my family  
Where I come from and where I'm going  
In the Earth I feel their heartbeat, all day long, all night long

*CHORUS x2*
